The following was extracted from the Staff Duty Officer's Report for the period 1600 2 Oct 65 to 0000 3 Oct 65:

"UFO - witness reported sighting by telephone. Declined to give name and terminated call. 2010 hrs. Sighted earlier in the day.

[REDACTED] Manhattan Beach, L. A., age 15; student, phone [REDACTED]. Appeared on star moving rapidly NNE. 1930 hrs, 2 Oct. Observed for 15 minutes. "Inspected thru binoculars. [REDACTED] Not straight line - appeared to travel in an arc. Apparently constant altitude. 'Looked like star moving very fast - probably moving faster than anything I ever saw.' This did not appear to be a plane on the boy's part."

Extracted 1600 2 Oct 65 to 0000 3 Oct 65

"UFO - [REDACTED], South San Gabriel, phone [REDACTED]. Reported three objects - one appeared to be fastest ship, all maneuvering all over his field for more than an hour, from about 0030 until time of call at 0000. Observer reported watching objects with binoculars, however description was vague - mostly relating to changing colors. He reported having been a "Hammerhead" sand at one time. A second man was there, and reportedly also saw the objects. Call lasted several minutes, during which caller described comings and goings of the objects, colors, etc. During call, [REDACTED] was seen to be holding sighted objects again. Caller sounded excited during call."
